

RESUMÉ

FRIEDRICH LIESE

OFFICE:

Universität Rostock
Fachbereich Mathematik
D-18051 Rostock
Germany

EDUCATION:

Universität Jena:	Dr.habil. (Habilitation)	Mathematics	1979
Universität Jena:	Dr.rer.nat. (Ph.D.)	Mathematics	1973
Universität Leipzig:	Dipl.-Math. (M.S.)	Mathematics	1968

PROFESSIONAL EXPERIENCES:

PROFESSOR:	Fachbereich Mathematik Universität Rostock	1985-2009
DOZENT:	Fachbereich Mathematik Universität Jena	1980-1985
WISSENSCHAFTLICHER OBERASSISTENT:	Fachbereich Mathematik Universität Jena	1973-1980
WISSENSCHAFTLICHER ASSISTENT:	Fachbereich Mathematik Universität Jena	1971-1973
PH.-D.-STUDENT:	Fachbereich Mathematik Universität Jena	1968-1971

RESEARCH INTERESTS:

Stochastic Processes, Point Processes, Limit Theorems, Information Theory, Decision Theory (asymptotic methods), Selection of Population, Generalized Linear Models, Nonlinear Regression, Stochastic Analysis, Counting Processes, Survival Analysis.

COURSES TAUGHT:

Probability Theory, Mathematical Statistics, Limit Theorems, Information Theory, Point Processes, Stochastic Processes, Goodness of Fit Tests, Markov Chains, Asymptotic Decision Theory, Asymptotic Statistics, Time Series, Mathematics in Finance.

REFeree REPORTS:

Annals of Stat., Annals of Inst. of Stat. Math., Metrika, Statistics & Decisions, Journ. Stat. Plan. Inf., Biometrics, Statistics.

OTHER ACTIVITIES:

VISITING PROFESSOR , Spring semester 1998, Fall semester 2001 Dept. of Statistics, Purdue University, West Lafayette

SCIENTIFIC PROGRAM COMMITTEE:

3 rd Schwerin Conference on Mathematical Statistics - Selection Procedures -
September 5-10, 1993, Bad Doberan
European Meeting of Statisticians, Prague 2000
German open conference on stochastics 2004

CHAIRMAN OF LOCAL ORGANIZING COMMITTEE:

Satellite meeting of the ISI on "Mathematical Statistics and its Application to Biosciences"
organized by ERC of Bernoulli Society and IMS, August 31 - September 3, 1997, Rostock

AWARDS:

Bolzano Medal of the Czech Academy of Sciences, 1998
